The Art League School provides lifelong learning opportunities in arts education for adults of all backgrounds and levels of artistic experience. Founded in 1968, the Art League School offers a wide range of educational offerings and creative opportunities to over 1,200 students annually through studio art classes and workshops.

Led by professional artist instructors, classes and workshops take place online as well as in three fully equipped studio spaces where students work in painting, drawing, ceramics, watercolor, printmaking, mixed media, and jewelry. To ensure individual attention and to accommodate varying skill levels, courses are maintained with a limited number of students. Students also have access to exhibitions, lectures, public programs, and artist talks offered throughout the year to further their training as artists.

ALH is currently in a multi-year initiative to re-imagine the role of an Art League School to foster radical imagination, reduce economic barriers to art education and impact positive social change through the arts.
