\*Oil Pastel Set Info:

Recommended brands:

- [Sennelier Oil Pastels Standard And Grande Pastels](#), [Mungyo Gallery Artist Soft Oil Pastel Sets](#), Expressionist Extra Fine Quality Oil Pastels
  - [Texas Art Supply](#) does not sell Sennelier and Mungyo oil pastel, they only have Expressionist
    - *Expressionist is the most affordable option*
  - Mungyo Gallery pastels are not too expensive and they mix very well.
  - Sennelier are on the expensive side but are the best quality I have tried so far. **You do not need to purchase a set of 50 colors +. You can start with a set of twelve or 24, and buy other colors individually.** (You can buy individual Sennelier colors at Jerry's art Arama)
- In the case you buy a limited set (6 +) I would recommend purchasing other colors with low tonal value such as:
  - Ash blue, Blue-gray, pale pink (Sennelier)
  - Pale Blue, ice blue, Naples yellow light, Rose madder (Mungyo)

Be aware do not buy the following pastel sets:

- Sennelier Soft Pastel Sets
  - Yes, this is a Sennelier set but they are water soluble pastels and will not work when used as mix media for this course.
- **Junior and Van Gogh** brands do not mix well!
